

15th September

13:30	Pet-Soede, Lida <i>Options for sustainable fisheries in the Coral Triangle region with relevance to the Spermonde Archipelago"</i>
14:15	Quinn, N.J., Johan, O. & B.L. Kojis <i>Padang Shelf Reef System Coral Reef Resilience, West Sumatra, 17 Years After the Indian Ocean Dipole Associated Coral Die Off</i>
	Huhn, M., Zamani, N.P. & M. Lenz <i>Bioinvasions between Indonesian islands: Asian green mussels <i>Perna viridis</i> as hitchhikers on ferries</i>
	Kochzius, M., Nuryanto, A., Dohna T. & J. Tim <i>Connectivity of coral reefs in Indonesia I: concordant genetic population structure of reef fauna indicates restricted gene flow across the Indo-Malay Archipelago</i>
	Dohna, T.A., Kochzius, M., Liebsch, M., Rodríguez Moreno, M. & J. Timm <i>Connectivity of coral reefs in Indonesia II: Consolidating gene flow barriers among anemonefishes (<i>Amphiprion</i> spp.)</i>
	Timm, J., Dohna T., Madduppa, H. & Kochzius, M. <i>Connectivity of coral reefs in Indonesia II: weak restrictions of gene flow between differently influenced shelf areas in Spermonde"</i>
15:30	Coffee break
16:00	Lampe, Munki
16:45	Satari, D. Y., Idrus, M. R. & Irwanto <i>Vulnerability Mapping of Spermonde Islands Communities</i>
	Glaser, M., Breckwoldt, A., Henke, D., Ferse, S., Hussain, S & N. Muhammad <i>Perceptions of the reef and behaviour towards it: Differentials between divers and non-divers in Spermonde reef fisheries"</i>
	Glaser, M., Gorris, P. <i>Social network structure in reef governance and its implications: Results from Spermonde Archipelago, Indonesia and Costa dos Corais, Brazil"</i>
	Deswandi, Rio <i>Collecting patterns out of erratic wave: do we stand a chance of managing Spermonde Archipelago?</i>
	Glaeser, Bernhard <i>A two-dimensional research based typology: A Spermonde based tool to analyze coastal and marine social-ecological systems</i>
18:30	Conference dinner Venue: Grand Clarion Hotel

16th September

9:00	Assessing Sustainability in Spermonde Archipelago (Joint session to compile study results; Marion Glaser))	
10:00	Coffee break	
10:15	Kench, Paul <i>Islands on the Move: Understanding the Physical Dynamics of Coral Reef Islands</i>	
11:00	Kegler, P., Schwieder, H., Gärdes, A., Ferse, S., Alfiansah, Y.R., Lukman, A. & A. Kunzmann <i>Identifying correlations of scleractinian coral larvae settlement with bacterial bio-film communities and dominant environmental parameters, Spermonde, Indonesia</i>	Navarrete-Forero, G., Miñarro S., Breckwoldt A., Mutmainnah A., Putri A.P., Walyandra Z.Z., Sudirman & H. Reuter <i>Location, use and selection of fishing grounds in Spermonde: the case of hook and line fishers from Badi Island</i>
	Susetiono, S. <i>Meiofaunal Distribution Patterns along the Coral Reefs at Pangkajene Archipelago of Spermonde Region, South Sulawesi, Indonesia</i>	Ford, A. K., Van Hoytema, N., Moore, B., Pandihau, L., Wild, C. & S. Ferse <i>Sedimentary oxygen consumption rates indicate local anthropogenic organic matter input drives coral reef community shifts</i>
	Rachmwati, L. & Fitranita <i>Barriers for climate variability and change adaptation in small island: Case of Pangkep District, South Sulawesi</i>	Manessa, M. D. M., Kanno, A., Sekine, M., Nurdin, N., Zakaria, M. & M. Haidar <i>Semi Automated Coral Reef Habitat Mapping of Spermonde Shallow Water Ecosystems</i>
	Dalimunthe, S. A. <i>Islanders Who Don't Sail: South West Siberut Fishermen of Mentawai Islands Access to Marine Resources</i>	Lamb, J, Abu, N, van de Water, J., Altier, C., Hein., M, Bourne, D., Jompa, J. & C. Drew Harvel <i>Natural filtration in marine systems: The potential for healthy coastal ecosystems to moderate human and coral reef diseases</i>
12:00	Lukman, M. <i>Water quality and preliminary assessment on aragonite saturation state in Spermonde waters</i>	Kase, A. G. O. <i>Morphology and Genetic analysis of some variety of Green algae <i>Caulerpa racemosa</i> taken from Central Visaya Philippines</i>
	Aji, L. P & Latanda <i>The condition of coral reefs and other benthic organisms in two districts of Biak Numfor Regency – Papua in 2014</i>	Kasim, M. & Mustafa, A <i>FLOATING CAGE: The Future of <i>Kappaphicus alvarezii</i>, and <i>Euचेuma denticulatum</i> cultivation Method in Indonesia"</i>
	Nurdin, N., Komatsu, T., Sawayama, S., Amri, K., Djalil, A. R., Jaya, I., M.Akbar AS & A. Asr <i>Developing of library signature and geospatial dynamic system of seagrass and coral on the Small Islands, Spermonde Archipelago, Indonesia; Hyperspectral data and multispectral image</i>	Samiaji, J, Rahmat, F. & Mubara <i>Conserving Berhala Island of Riau Islands Province, Indonesia for a New Marine Ecotourism Destination</i>
		Zhu, M. & D. Rittschof <i>Trading Refurbished Smart Phones for Plastics - a Distinguished Business to Reduce Marine Plastics in Spermonde Archipelago</i>

**International Conference
SIRTRE 2015**
*Small Islands Research in Tropical Regions – The
Spermonde Archipelago and other Case Studies*

PROGRAMM

16th September

13:00	<i>Lunch Buffet</i>
	<i>With Poster session</i>
14:00	Poster session
15:00	McCook, Laurence <i>Outcomes for management and conservation of coral reefs in Australia and Indonesia: the role of science and mechanisms for success"</i>
15:45	Purwanto, Mangubhai, S., Muhajir, Hidayar, N.I., Rumetna, L., Awaludinnoer & K. Thebu <i>Incorporating local wisdom sasi into marine zoning to increase the resilience of a marine protected area network in Raja Ampat, Indonesia."</i>
	Mann, T., Rovere, A., Schöne, T., Klicpera, Á., Stocchi, P., Lukman, M. & H. Westphal <i>A revision of Holocene sea-level oscillations in the Strait of Makassar</i>
	Reuter, H. & S. Minarro <i>Coral reef based marine resource use - Application of different modelling approaches</i>
16:15	<i>Coffee break</i>
16:45	Outlook and future perspectives. Open discussion and short panel statements
17:30	Closing Organising Committee

15th September

8:00	Registration
9:00	Opening Reports by Organising Committee (Jamal Jompa, Hauke Reuter)
	Welcome Remark and Official Opening Prof. Dr. Dwia A. Tina Pulubuhu (Rector UNHAS)
9:45	<i>Coffee break</i>
10:00	Session 1
	Hoeksema, Bert <i>The Spermonde Archipelago: a model area for coral reef studies</i>
	Teichberg, M., Plass-Johnson, J. G., Schwieder, H., Bednarz, V., Heiden, J., Gärdes, A., Ferse, S., Lukman, M. & Wild, C. <i>Linkages between water quality and coral reef communities in the Spermonde Archipelago, Indonesia</i>
	Ambo-Rappe, Rohani <i>Seagrass Restoration Studies in Spermonde Islands</i>
	Schwieder, H. F., Lukman M. and A. Gärdes <i>TEP dynamics and bacterial community composition at different spatial scales along a cross-shelf eutrophication gradient in southern Sulawesi, Indonesia</i>
	Plass-Johnson, J. G., Ferse, S. C. A., Jompa, J., Wild, C. & M. Teichberg <i>Fish herbivory as key ecological function in a heavily degraded coral reef system</i>
	Kneer, D., Priosambodo, D. & H. Asmus <i>Dynamics of seagrasses in a heterogeneous tropical reef ecosystem"</i>
12:00	<i>Lunch Buffet</i>
	<i>With Poster Session</i>
